2. *General Work, Re-survey and Re-classification, etc.*—Detailed survey operations were conducted in ten inam villages during the year and one inam village was re-surveyed. Original classification was done in eight inam villages and reclassification in nine inam villages. Sub-division of lands was effected in 4,066 villages, comprising 11,322 numbers covering an area of 57,038 acres, while classification was done in respect of 8,570 cases covering an aggregate area of 49,374 acres 5 guntas. There was improvement in the work of sub-division and classification as compared with the work of last year. The average daily outturn of measurement was 3¼ numbers as against 2¾ last year. In addition to the ordinary work of phoding, arrangements were made for the sub-division of lands under the Sulekere Tank in the Channagiri Taluk, the disafforested lands in the Malegal Valley, Bangalore Taluk, and the lands under the command of the Bhadra Anicut, Shimoga Taluk.

3. *Revision Settlement.*—Revision Settlement was introduced into the T.-Narsipur Taluk during the year, resulting in an increase of revenue by Rs. 42,000 or 32 per cent per annum. Only one taluk, *viz.*, Nanjangud remains to be resettled and it will be taken up during the year 1928-29.

4. *Remuneration to Shanbhogs and Patels.*—The potgi payable to village officers was revised on account of resettlements in respect of 2,413 villages of 16 taluks. The statements in regard to 1,566 villages were sanctioned while those of 847 villages were pending sanction at the close of the year. The revision of potgi in respect of 2,070 villages in eight taluks was in progress. Decennial revision of potgi was effected in respect of 1,603 villages in 11 taluks.

5. *Inams.*—During the year under review, six village service inams comprising an extent of 23 acres 27 guntas were resumed to Government while five new inams aggregating 25 acres 37 guntas were granted. Sixteen minor inams comprising an area of 400 acres and 23 guntas were resumed to Government and a malnad cash grant valued at Rs. 25-14-0 lapsed to the State.

7. The Survey Superintendent states that the accumulated arrears in the preparation and rectification of survey maps and records have not yet been completely disposed of on account of the increase of work in the Akar Branch. Government hope that this will be completed as early as possible.

8. The total cost of the Department for the year amounted to Rs. 1,89,568-4-10 or Rs. 7,275 less than last year.

9. *Important Measures sanctioned during the year under Review.*—On the recommendation of the Survey Superintendent, orders were issued directing the levy of fixed fees for *phode* work, and it is hoped that this system will help to minimise delays in the disposal of application for the sub-division of lands. A correct survey of the coffee estates has been ordered to be undertaken in the two taluks of Chikmagalur and Mudgere in the first instance, to find out cases of encroachment and to take measures to prevent them in future by the erection of boundary marks of a permanent character. The work is to begin shortly and the Survey Superintendent's proposals as regards the establishment necessary for the work are awaited. A survey training class was opened in August 1927 for training men for Record of Rights work in the Bangalore, Davangere and Sagar Taluks.

10. Government are glad to note that the work of the Department under the guidance of Mr. D. Srinivasa Rao who held the Office of Superintendent throughout the year was satisfactory.
